

Waste Calendar 2019

Stadt Geilenkirchen

Visit our interactive waste calendar at
www.geilenkirchen.de

Enclosed in this booklet are the collection vouchers that are needed for
the yellow bags for recyclable packaging.

The depots that you can collect them from are listed below:

1. Stadtverwaltung Geilenkirchen, Bürgerbüro, Markt 9, 52511 Geilenkirchen
2. Bäckerei Pennartz, Kirchstraße 9, 52511 Geilenkirchen-Teveren
3. Metzgerei und Partyservice Schlömer, Linderner Straße 48, 52511 Geilenkirchen-Leiffarth
4. Bäckerei Dohlen, Von-Mirbach-Str. 2, 52511 Geilenkirchen-Immendorf
5. Recyclinghof, Ottostraße 13, 52511 Geilenkirchen-Niederheid
6. EDEKA Markt, Thomashofstraße, 52511 Geilenkirchen-Lindern
7. Bäckerei Vogel, Karl-Arnold-Straße 124, 52511 Geilenkirchen-Gillrath

Dates and information about:

Residual waste Biological waste

Garden scraps

Recyclable packaging

Waste glass

Waste paper

Hazardous waste

Bulk refuse Electrical waste

Waste oil

All Waste collections start at 6.00 am.

In case of questions, please contact:

Town Council Geilenkirchen, Bürgerbüro, Tel. 02451/629-933
Schönmackers Umweltdienste GmbH & Co. KG, Tel. 0800 17 47 474

**Questions about the disposal of recyclable packaging (yellow bags) should be addressed to:
Schönmackers, phone 0800 888 43 73 (free)**

Instructions how to use the waste calendar 2019

All streets of Geilenkirchen are listed in alphabetical order in the index of street names of this waste calendar. The type of waste to be collected and the collecting district is shown to the right of each street.

Specialities for the wastepaper collection:

In **Würm, Beeck, Leiffarth, Müllendorf, Honsdorf and Flahstraß (district I)** and in **Immendorf, Waurichen, Apweiler and Grotenrath (district II)** waste paper is collected by clubs. The streets affected are marked with the district identification (I or II) in the index of street names. Also you'll find the collecting date marked with district identification (I or II) in the overview plan.

For example:

Streetname	Distr.	PA
Hinter den Höfen	1	II

If you have some questions in order to the container disposal please call Schönackers Umweltdienste 0800 17 47 474.

What to put where?

Residual Waste

All waste that can not be avoided or recycled has to be disposed in the waste bin (grey or blue top), if it is not too voluminous to be put in there. **It is not allowed to dispose the waste in any other way.**

Biological Waste

All organic kitchen and garden scraps that are not composted at home are to be disposed in the biological waste bin (brown top). Scraps of meat and fish as well as all types of waste that cannot be composted, especially plastic bags, **do not** belong into the biological waste bin. Due to the warm weather in the summer, the biological waste bin is emptied once a week throughout the months of June, July and August.

Homeowners in Geilenkirchen can check the amount of their collected residual and biological waste online.

Please use the following address:

www.geilenkirchen.de/rathaus/abfallkalender/abfallbanking

Fill in your file reference number (EW-Nummer) and your payment transaction number. You can find both numbers on your estate tax liability notification.

Bulk Refuse

All rubbish that cannot be avoided or recycled and that is too big to be put into the waste bin belongs to the bulk refuse.

Not to be put into the bulk refuse are the following items:

Construction waste, excavated material, items from household clearances, demolition wood and demolition debris (e.g. toilets, garden fences, windows, doors etc.). You have to dispose this waste yourself. It can be taken to the waste and recycle plant in Gangelt-Hahnbusch. **Opening times:** Monday to Friday 7.00 am – 5.00 pm, Saturday 8.00 am – 1.00 pm, phone: 02454/6133.

For safety reasons mirrors and sheets of glass cannot be put into the bulk refuse. You can hand in these items at the Recyclinghof in Niederheid, but you must present one of the bulk refuse postcards enclosed in this booklet.

Small items in boxes or sacks do not belong to the bulk refuse, they can be disposed of in the waste bin. Waste wood is collected at the same time, but has to be kept separately.

Bulk refuse is collected on demand. Please fill in the enclosed bulk refuse postcards and post them approximately four weeks before the collection date. Two bulk refuse collections per year are free of charge.

Additionally you can request a collection date online.

Please use the following internet address:

www.geilenkirchen.de/rathaus/abfallkalender/sperrgut-anmeldung

An e-mail confirming the collection date will be sent to you afterwards.

Alternatively you can also take your refuse to the Recyclinghof in Niederheid or to the waste and recycle plant in Gangelt-Hahnbusch. Please present some form of identification.

Opening times of the Recyclinghof, Ottostr. 13, 52511 Geilenkirchen, Tel. 02451/4820525:

Monday to Friday: 8.00 am – 5.30 pm

Saturday: 8.00 am – 1.00 pm

Electric Waste

You can take large electric appliances (washing-machine, refrigerator, cooker etc.) to the Recyclinghof Niederheid or use one of the enclosed postcards for Bulky Waste. Large electric appliances will be picked up together with the Bulky Waste collect. But please separate Bulky Waste and electrical waste for delivery. Small electric appliances (toaster, handy, percolator) **must** be taken to the Recyclinghof or to the waste site in Gangelt-Hahnbusch.

Wastepaper

All printed material, such as newspapers, magazines and all packaging made out of paper or cardboard is to be disposed via the wastepaper collection. If you have wastepaper to be collected, please bundle it up (do not use any wire) and place at the roadside, so that the traffic is not obstructed. The bundles are not to be placed outside before the collection date shown in the waste calendar. **Wallpapers and bags of cement will not be collected with the wastepaper. They are to be disposed in the waste bin. You can receive a free 240 litres bin for old paper on inquiry at the city council.**

Lightweight Packagings

All lightweight packagings not being made out of paper or glass are to be put into the yellow bag for disposal. Yellow bags that are visibly filled with wrong material (eg. residual waste, diapers) will not be collected. You have questions to the lightweight packagings? For more information please use the following address: www.recycling-fuer-deutschland.de

Garden Scraps

All garden scraps (as far as they do not fit into the biological waste bin), like hedge cut, will be picked up throughout the garden scraps collection. Whether you have trunks or stumps to be collected, you must only add those that do not exceed one meter in length and 10 cm in diameter. Please take care that each bundle of garden scraps or trunks etc. does not exceed a maximum weight of 25 kg. Up to an amount of three m³ garden scraps may be disposed via the interim storage (Zwischenlagerplatz) for garden scraps in Niederheid (close to the Bauhof). **The cost is 1,00 € per 100 liters.**

Opening times:

fridays 2.00 pm – 5.00 pm, saturdays 9.00 am – 1.00 pm

Attention: The total amount per collection and household must not exceed 1 m³. Only during the third collection (autumn collection) garden scraps may be put into open boxes and bags (do not use yellow bags). The total amount for this collection must not exceed 2 m³.

Otherwise garden scraps are to be bundled up and placed at the roadside without obstructing the traffic. In addition there are two entitlement cards enclosed in this brochure. They entitle you to take garden scraps to the interim storage place in Niederheid or to the Recyclinghof at company Schönackers, Ottostr. 13, 52511 Geilenkirchen-Niederheid.

Waste Glass

Non-returnable bottles and glasses separated by colours (white, green, brown) have to be disposed via the glass containers. Window glass or ceramics are not to be put into the glass containers.

Harmful Substances and Toxic Waste

Smaller amounts of all kind of waste containing harmful and toxic substances (e. g. gloss paint) are to be disposed via the stationary collecting point at the Recyclinghof at company Schönackers, Ottostr. 13 in Geilenkirchen-Niederheid, phone: 02451/4820525. Only harmful substances and toxic waste in an amount that is common for normal households will be accepted. **Water-soluble colours (Dispersionsfarben) will not be accepted; empty buckets have to be put into the yellow bag, buckets filled with remnants have to be disposed in the waste bin.**

Waste containing harmful and toxic substances also be disposed via the waste handling installation Gangel-Hahnbusch.

Expired Drugs

Expired drugs can be put into the waste bin.

Waste Oil

Dealers/distributors (e. g. filling station, supermarket) are obliged to take back waste oil costfree in the quantity you bought. As proof of payment keep the sales slip or receipt. Oil will not be accepted at the Stadtbetriebshof.

Waste Batteries

Dealers/traders are also obliged to take back waste batteries free of cost. Please take advantage of this opportunity. Furthermore waste batteries can be handed to the stationary collecting point for harmful/toxic substances at the stationary collecting point at the Recyclinghof at company Schönackers (location and hours of business see above).

New in the district of Heinsberg: Der Verschenk- und Tauschmarkt

Please visit the newly established market:

<http://heinsberg-ik.internet-verschenkmarkt.de/list.asp>

The free online second-hand commodity exchange offers goods to the give away or to swap. For more information:

Kreisverwaltung Heinsberg, Amt für Abfallwirtschaft, phone: 02452/130

All collections will start at 6:00 am!!

Dear citizens,

in the past it happened more and more frequent, that the costless yellow bags were used for all kinds of purposes. That led to the fact, that throughout the years continuously increasing amounts of yellow bags had to be provided, nevertheless bottlenecks occurred. We would like to verify, that you always have enough yellow bags available to collect and separate the lightweight packagings. Therefore this pick-up card is handed out as a voucher for one roll. We keep further vouchers for you. Against exposition of all 4 pick-up cards you will at first receive 64 bags for the whole year; this amount is usually sufficient for standard households.

Tips

- Exchange the vouchers just when necessary, if possible quarterly.
- Use the yellow bags just for lightweight packagings bearing the green point (Grüner Punkt); if you have questions how to separate, give us a call, phone 0800 8884373.
- Use small bags for interim storage of rubbish, they can be dropped into the rubbish bin together with the rubbish.
- The yellow bag can be filled up to the top because the tie-rod closes the bag without having a frill necessary.
- Most of the lightweight packagings are compressible by hand so less place is given away to hollow space.

In the interest of our environment and all citizens we ask for your co-operation and thank you for your understanding!
